### WORK EXPERIENCE

#### Book of the Month

Web Developer Intern

Chicago, IL | April 2019 - September 2019

- Selected as the top performing intern in my class by the technology team
- Developed an in-house web app using Node, React, HTML/CSS that allowed for employees to manage and recommend books to other employees to streamline monthly recommendations
- Worked across the software development life cycle to gather user requirements and build and maintain the code for the tool which saved employees 5 hours each month in manual labor
- Used: JavaScript (Node & React), HTML/CSS, PostgreSQL

### PROJECTS

#### Social Media Scheduler

Creator

- Built a responsive web app using Django and Node that allowed users to schedule social media posts across Instagram and Twitter
- Built features using scikit-learn in Python that learned what time of day maximized engagement with social media posts which increased the overall engagement rate by 15% for users
- Utilized the Twitter API and Instagram API
- Released it for free for University of Pittsburgh students and it quickly grew to over 500 monthly active users
- Used: Javascript, Python, SQL, HTML/CSS

#### Computer Science Club

Co-founder | April 2017 - April 2020

- Co-founded the computer science club at Pitt to encourage CS students to talk about new concepts they learned and technical problems they were having trouble solving
- Grew to 35 highly active and engaged members
- Members of the club spent 2 hours a week pair programming with another member of the club to share learnings

### SKILLS

HTML/ CSS

JavaScript (Angular)

SQL (PostgreSQL, Oracle)

Python (Django)

Git

REST APIs

### EDUCATION

#### University of Maryland

B.S.

Computer Science

2016 - 2020

College Park, MD

*Cum Laude Society; Dean's List  
(6/8 semesters); Presidential  
Scholarship*
